On September 16, 2021, an International Seminar was held to commemorate the 10th anniversary of the creation of the Deputy Superintendence for the Control and Verification of Technical Regulations and Legal Metrology of the Superintendence of Industry and Commerce of Colombia. The event had about 20 international speakers who addressed different topics of the daily operation of the Deputy Superintendence, as well as relevant topics for the Colombian consumer; among them: appraisal activity in Colombia, Andean technical regulations, regulation of price control and evolution of legal metrology.

The event took place virtually, with an audience of more than 500 attendees from 15 different countries.

#### **COLOMBIA PRESENTED AN IMPORTANT COOPERATION DOCUMENT AT THE MEETINGS OF THE INTER-AMERICAN METROLOGY SYSTEM**

On September 14, 2021, a meeting of the “**LMWG Working Group**” of the Inter-American Metrology System (SIM) was held. The SIC took place in the meeting and, in addition to participating in different discussions on projects that SIM is presenting to the Inter-American Development Bank, it also presented the document “Terms and conditions for the use of the repository for the metrological verification of prepackaged products from countries of the Inter-American Metrology System”.

Said text includes definitions, rights and duties, processing of personal data, dispute resolution, coordination and notification processes, as well as final provisions to deepen cooperation between the agencies that are part of the SIM.

## THE SIC PARTICIPATED IN THE ROUND TABLE OF THE REGIONAL LEGAL METROLOGY ORGANIZATION

How does the Regional Legal Metrology Organization (**RLMO**) approach digitization related to measuring instruments? - This was the main topic of the meeting of the Round Table of the Regional Legal Metrology Organization (**RLMO-RT**).

The '**RLMO-RT**' is a forum for the exchange of information between the Regional Organizations of Legal Metrology that collaborate with the International Organization of Legal Metrology (**OIML**) and is a source of advice and feedback for the OIML to initiate actions that are of interest to all parties involved. It has been meeting annually since 2007 and this year it had the participation of the SIC, which is Chair of the Legal Metrology Working Group of the Inter-American Metrology System (**SIM**).
